

Internally Funded Projects: Ongoing

Project Title	Investigators	Budget	Funding Agency
Bioinformatics Based Analysis Of Cancer Microarray Data	Dr. Rama Adiga	Rs. 0.75 lakhs	Nitte University
Effect Of Diethylcarbamazine Treatment On Plasma Uric Acid Levels In Lymphatic Filariasis In India”	Dr. Rama Adiga	Rs. 0.5 lakhs	Nitte University
Prevalence of <i>Legionella pneumophila</i> and related species in Mangaluru, india.	Mrs. Juliet MohanRaj	Rs. 0.9 lakhs	Nitte University
Microorganisms as anticancer agents: Determination of antitumor activity of nontyphoidal Salmonella serovars	Dr. Deekshit	Rs. 2.5 lakhs	Nitte University
Development of rapid point of care assay for the sensitive detection of <i>Vibrio vulnificus</i>	Dr. Krishna Kumar	Rs. 2.5 lakhs	Nitte University
Development of rapid and sensitive assays for detection of Listeria Spp. from food products	Mrs. Rajeshwari Vittal	Rs. 0.6 lakhs	Nitte University
Isolation and molecular characterization of bacteriophage against <i>Pseudomonas aeruginosa</i> .	Dr. Praveen Rai	Rs. 1.15 lakhs	Nitte University
Biofilm formation and virulence gene expression in environmental and clinical isolates of <i>Pseudomonas aeruginosa</i>	Dr. Ramya Premanath	Rs. 1.2 lakhs	Nitte University

Genetic Testing of Non-Small Cell Lung Cancers: Development of AS-LAMP assays for detection of <i>EGFR</i> and <i>KRAS</i> Mutations	Dr. Anirban Chakraborty	Rs. 2.0 lakhs	Nitte University
